

ALEXANDRIANS HOLD
PALM CELEBRATIONS

Episcopalians and Catholics
Have Special Services at
Opening of Holy Week.

ALEXANDRIA, March 28.—Palm Sunday was observed today in the three Episcopal churches and in St. Mary's Catholic Church.

At Christ Episcopal Church there will be services every morning at 7 o'clock. Holy Thursday there will be the celebration of the Holy Communion at 8 p. m. On Good Friday the services will be at 7 a. m., 11 a. m. and 8 p. m. At the 11 a. m. service the Rev. William J. Morton, the rector, will preach on "The Crucifixion." On Easter Sunday the hours of the services are 7:30, 11, and 4:30 p. m. The latter will be the children's service.

At St. Paul's Episcopal Church evening services will be held every afternoon at 5 o'clock. On Tuesday night at 8 o'clock the choir will render Maunders' "Olivet to Calvary." Thursday there will be services at 8 o'clock and on Good Friday at 11 o'clock.

Services at Grace Episcopal Church will be as follows: Monday and Tuesday, evening prayer and address at 5 o'clock; Wednesday, evening prayer and address at 7:30 p. m.; Thursday, Holy Communion at 7:30 a. m., morning prayer, sermon and Holy Communion, 11:00 a. m., Holy Baptism, 2:30 p. m. and evening prayer and sermon at 7:30 p. m. Mass will be celebrated at St. Mary's Catholic Church every morning at 6:30 o'clock. Holy Thursday there will also be mass at 8 o'clock. Good Friday mass will be celebrated in the morning, and at 3 p. m. and 8 p. m. there will be the "Way of the Cross."

Albert Harris, colored, was captured by residents of Alexandria county yesterday, after he was alleged to have snatched a pocketbook from Mrs. Charles H. Shelton, the same man who was arrested a month ago on suspicion of having grabbed a pocketbook from Mrs. Francis. Mrs. Francis was unable to identify him and he was released.

Harris was threatened with lynching yesterday, and a rope was placed around his neck. He said that he had seen another man throw the pocketbook which had been taken from Mrs. Shelton into Hoff's run, and led his captors to the spot where the pocketbook containing \$12 was found. He will be given a preliminary hearing tomorrow morning.

Funeral services for Orlando H. Ford, who dropped dead on King street yesterday, will be held Tuesday at 9:30 o'clock from St. Mary's Catholic Church.

ANACOSTIA.

The Anacostia river yesterday rose almost to the railroad tracks just east of the approach to the bridge, because of the filling in the river.

New Sunday school officers were installed at the Congress Heights Methodist Episcopal Church today. Tonight the officers of the Epworth League will be installed.

The playgrounds at the Ketchikan School are being prepared for the coming season. Some new apparatus has been purchased.

An effort will be made to have Thirtieth street from Good Hope road to Valley Place and Valley place from Thirtieth to Nichols avenue, oiled regularly this year.

HYATTSVILLE.

The Tobacco Growers' Association of Prince George county has elected the following officers: President, Aquilla T. Robinson; secretary, H. H. Sausser, Jr.; and treasurer, G. C. Townsend.

The Philomath Literary Society of the Surrogate High School gave the following program at the regular meeting: Paper, by Miss Mary Denison; reading, Tyson Allen; original essay, Francis Mudgett; recitation, Miss Annie Darcey; reading, Miss Ruth Hutton; reading, William Baden; musical selection, Miss Mary Schrepper; reading, Harry Brown; reading, Miss Julia Galian; paper, Charles Schultz; and essay by Miss Helen Humphrey. The feature was a debate in which the Misses Paddock, Thompson, Underwood, and Galian participated.

The Misses Mary and Dorothy Lyons have returned to their home in Herndon, Va., after a visit with relatives in Washington.

The Young Men's Club of Upper Marlboro will give its second dance April 5.

A play entitled "Kentucky Belle," will be given at the Modern Woodmen April 5.

Miss Freddie Hill, of Upper Marlboro, is visiting her brother and his wife, Mr. and Mrs. A. Sidney Hill, in San Diego, Cal.

In the quarterly distribution of funds for public education throughout the State by Comptroller of the Currency Emerson C. Harrington this county received the sum of \$120,225.25. The office in southern Maryland received the following amounts: Calvert, \$3,348.90; Charles, \$5,315.50; and St. Mary's, \$5,822.04.

Miss Mary and Effie Jenkins have returned to their home in Herndon, Va., after a visit with Mr. and Mrs. George N. Wells, Brentwood.

Miss Spaulding, teacher of the Brentwood public school, has a slight attack of grip.

Mr. and Mrs. A. Matsudaira are receiving congratulations upon the arrival of a boy.

The Treatment of
Influenza or La Grippe

It is quite refreshing these days to read of a clearly defined treatment for influenza or La Grippe. In an article in the "Lancet-Clinic," Dr. James Bell of New York City, says he has convinced that too much medication is both unnecessary and injurious.

When called in a case of La Grippe, the patient is usually seen when the fever is present, as the chill which occasionally ushers in the disease, has generally passed away. Dr. Bell then orders that the bowels be opened freely with salts, acetals or citrate of magnesia. For the high fever, severe headache, pain and general soreness, one Anti-Kanina Tablet every three hours is quickly followed by complete relief. Ask for A-K Tablets. They are also unexcelled for headaches, neuralgia and pains.

Fears Typhus Scourge
May Reach U.S. Shores

Dr. Breck Trowbridge Sounds Warning for Immediate Action by Americans to Assist in Stamping Out Deadly Agency Now Raging in Serbia.

Fear that the typhus scourge, now raging in Serbia, may spread to the United States, is expressed by Dr. Breck Trowbridge, of New York, chairman of the Serbian agricultural relief committee of America, who is in Washington today.

Most Deadly Agency.

Not since the war began, said Dr. Trowbridge, who came to Washington for the unveiling of the Red Cross building, for which he was one of the architects, has any agency so deadly faced the warning nations and neutral nations as well.

And that is the foundation for the new appeal the Serbian agricultural relief committee is about to sound throughout the United States. To fighting this "spotted plague," believed to be the same as the devastating "black plague" of the Middle Ages, the Rockefeller Foundation already has set aside \$5,000, the Red Cross has contributed \$2,500, but such is the magnitude of the fast-spreading epidemic that even this \$7,500 will fall far short of what will be needed to effectually check it.

Dr. Trowbridge was chairman of the original agricultural relief committee which hoped to avert just such a contingency by checking the rush of the cities and sending the Serbians back to their ruined farms. But before seeds could be shipped and the farm implements provided, the plague set in. So a subcommittee was hurriedly formed, on which are such citizens as Dr. Samuel L. Hays, Dr. William James, and Dr. W. Honniet Draper, of New York; Dr. Herbert Charles Moffitt, of San Francisco; Dr. Charles H. Mayo, of Rochester, Minn.; Dr. Frank Billings, of Chicago, and Dr. William Henry Welch, and Dr. Howard Kelly, of Baltimore.

Already hastening toward the scenes of the disease are noted French physicians and Dr. Frank Young, of New York. Those men were warned by Dr. Flexner that their own chance of escaping death is less than two to one.

But despite this number of physicians of both this country and France are expected to go to Serbia within the next month.

The next step, Dr. Trowbridge said, will be a shipment of blankets, bedding, disinfectants, and bacteriological materials. This is now being arranged under the direction of Mrs. W. H. Draper, wife of Dr. Draper. A great amount of such provisions will be needed, for all clothing, bedding, and materials used by each patient must be destroyed.

"Worse Than Smallpox."

"It is hard to conceive the virulence of this disease," Dr. Trowbridge said, "for it is even worse than our smallpox. Physicians themselves must be covered by a sort of impervious sacking from head to foot, they wear rubber gloves, and ointment is smeared about their wrists. Only their eyes and nostrils are exposed. The disease is transmitted by the bite of an insect and to the one who these insects come in contact with the skin means the inevitable contraction of the disease."

Just now, the architect said, one American physician is caring for 1,000 patients, all lying on the floor of an empty tobacco factory, unprovided with beds, blankets or necessary drugs. This physician is assisted only by six untrained volunteer men nurses.

Dr. Trowbridge conferred with Ambassador Jusserand and with Miss Mabel Boardman yesterday afternoon. Recognizing that the agencies of the disease exceeds all national bounds, the wives of the British, the Russian and the French ambassadors have become members of the committee though previously they declined to join other relief committees.

Is Important Call.

"We realized the difficulty of trying to raise funds at this time," Dr. Trowbridge explained, "when America already has responded so generously to the appeal from all quarters. But we realize, too, that this call transcends any that yet has come, for it not only affects those already suffering, but its spread may mean a scourge like modern times have not yet seen."

Modern science faces one of its greatest battles right now in Nisich and Salonika, and the battle there will be one of the greatest fought during the present struggle. How much will we raise? I do not know. I cannot even say now how much we shall need. That depends upon the quickness and ardor of our early work. We shall know more about that when the brave physicians send their first reports. In the meantime we shall exert effort.

Freckle-Face

Now is the Time to Get Rid of These Ugly Spots.

Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face?

Simply get an ounce of ointment, double strength, from your druggist, and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds of February and March have a strong tendency to bring out freckles, and as a result more ointment is sold in these months. Be sure to ask for the double strength ointment, as this is sold under guarantee of money back if it fails to remove the freckles.—Advt.

How to Destroy
the Dandruff Germ

BY A SPECIALIST.

That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as for baldness and premature gray hair, is a well known fact, but when we realize that it is also indirectly responsible for many other diseases as well, we appreciate the importance of any agent that will destroy its power. We are, therefore, particularly pleased to give herewith the prescription which an eminent scientist states he has found after repeated tests, to completely destroy the dandruff germ in from one to three applications. It will also almost immediately stop falling hair, and it has in numerous cases produced a new hair growth after years of partial baldness. This prescription can be made up at home, or any druggist will put it up for you. 6 ounces Day Cream, 2 ounces Lavender de Cologne, one-half drachm Menthol Crystals. Mix thoroughly, and after standing an hour it is ready for use. Apply night and morning, rubbing into the scalp with the finger tips. If you wish it perfumed, add 1 drachm of your favorite perfume. While this preparation is not a dye, it is unequalled for restoring gray hair to its original color.—Advt.

TWO NEW TROOPS OF
BOY SCOUTS HERE

John R. Ruckman Heads 29, and
Leonard Omerod 19—Twenty-one Members.

Two new troops were added to the Washington council of the Boy Scouts of America last week—No. 29, with John R. Ruckman as scoutmaster, and No. 19, with Leonard Omerod as scoutmaster. The one has a charter membership of ten scouts and the other eleven scouts.

Deputy Field Executive E. E. Fisher assisted at the initiation of Troop 29, which took place at the home of Scoutmaster Vernon Bailey, of Troop 29, at 1834 Kalamazoo road northwest. Troop 19 was an overflow troop, made up of boys who wanted to join Mr. Bailey's troop but could not on account of it having a full membership. Richard Wick and Ethridge Grout were named patrol leaders for the new troop. No place for the meetings has been fixed on and the scouts will meet at their homes for the next few weeks.

Troop 19 was initiated at the Emmanuel Baptist Church, where it will hold its meetings, the examinations being given Friday night, by Field Executive S. S. Apple. Patrol Leader Harry Chamberlain, of Troop No. 29, was given the honor of naming the new troop for a time, his assistant being Scout Julian Sanford. Scouts Clarence Wilson and Carson Harrold are respectively patrol leader and assistant of the second patrol.

The boys of both troops were well prepared for their examinations. The lowest in Troop 29 was 90% and the highest 100. The lowest in Troop 19 was 92% and two boys tied for first place with 99%.

Signaling was demonstrated by Scouts Edward King, Sidney King, Dorian Edienne, and Ferdinand Hoffman, while Herbert Lugenbeel, Fulton Middleton, Edienne and Hoffman gave examples of the use of the fireman's lift. An especially comprehensive illustration of the use of triangular and roller bandages was given by the whole troop. A physician in the audience examined their work and pronounced it first class. Deputy Field Executive Grogan was the guest of the troop and congratulated the boys.

As Mr. Lugenbeel expects to move closer into the city shortly, a new scoutmaster will be needed for his boys.

Benning Boys Prepare
For Tenderfoot Tests

Seven boys from Benning, D. C., are being prepared for their tenderfoot examinations by Scoutmaster Hall and Assistant Scoutmaster Leonard Zirkle, of Troop 49.

Mrs. Hall was hostess to the troop last Friday night, and 100 sausages and sixty rolls have been missing ever since. The troop committee, on which are the Rev. Harvey McLeod, the Rev. C. K. Cogswell, and Dr. G. I. Eppard, are doing much to promote interest in the troop.
